## UC Davis Medical, PanGen Share 2020 Cabling Installation & Maintenance Innovators Award

**Tinley Park, Ill. & Highland Heights, Ky.** — (October 2, 2020) — UC Davis Medical Center was recognized today with a Platinum Cabling Innovators Award for their ongoing technology upgrades and network infrastructure projects at the hospital. The award is the highest level presented in Cabling Installation & Maintenance magazine's annual competition. Infrastructure companies Panduit and Prysmian Group share this award with UC Davis as the exclusive suppliers of networking cabling infrastructure to the hospital for 14 years.

UC Davis relies on ever-advancing technology to support patient care, including video visits and telehealth services. UC Davis has been recognized by the US News & World Report as one of the nation's best hospitals in a number of medical specialties and placed at the highest level in the annual CHIME "Healthcare's Most Wired" survey.

UC Davis Data Center Architect Lopaka Gaspar said the Cabling Innovators Awards adds to the hospital's distinction as a leader in medical technology. "This recognition highlights UC Davis Health IT as a leader in the healthcare information technology industry and validates the investments and designs of our IT systems improving outcomes for our clinicians and patients," Gaspar says. "Having great partners like Prysmian Group and Panduit helps us achieve this type of recognition."

Cabling Installation & Maintenance bestows the Innovators Awards annually to the best products and projects in the industry.

### **About PanGen:**

Since 2004, Panduit and General Cable's world-class partnership has provided high-performance infrastructure solutions, guaranteed network performance and system reliability. Combining the technological expertise and innovation of Panduit connectivity and General Cable cabling products, PanGen Structured Cabling Solutions encompass a wide range of world-class copper and fiber products, all backed by the PanGen Certification Plus<sup>SM</sup> System Warranty. Learn more about PanGen.

### **About Panduit:**

Since 1955, Panduit's culture of curiosity and passion for problem solving have enabled more meaningful connections between companies' business goals and their marketplace success. Panduit creates innovative electrical and network infrastructure solutions for enterprise-wide environments, from the data center to the telecom room, from the desktop to the plant floor. Headquartered in Tinley Park, IL, USA and operating in 112 global locations, Panduit's proven reputation for quality and technology leadership, coupled with a robust partner ecosystem, helps support, sustain, and empower business growth in a connected world.
